

Retake

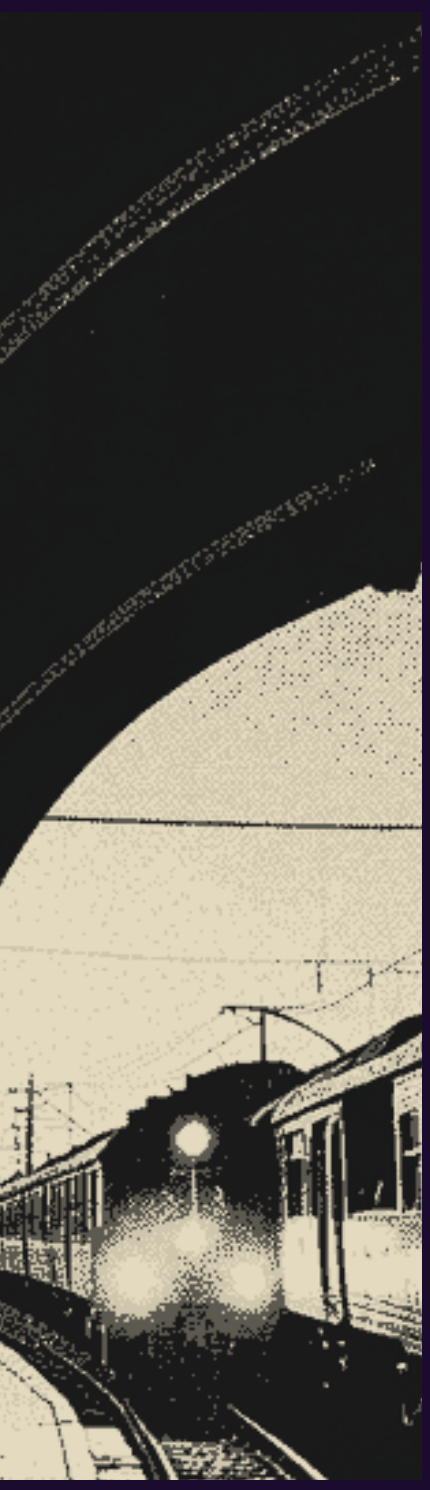

I made a game.
I need first players.

Dadi moves in with an old trunk.

Inside it: five memories, from 1971 to 1999.

Each memory is painted in the art of its year.

1971
A railway junction

1977
Trucks on the ghat

1984
A magic show

1992
A cricket final

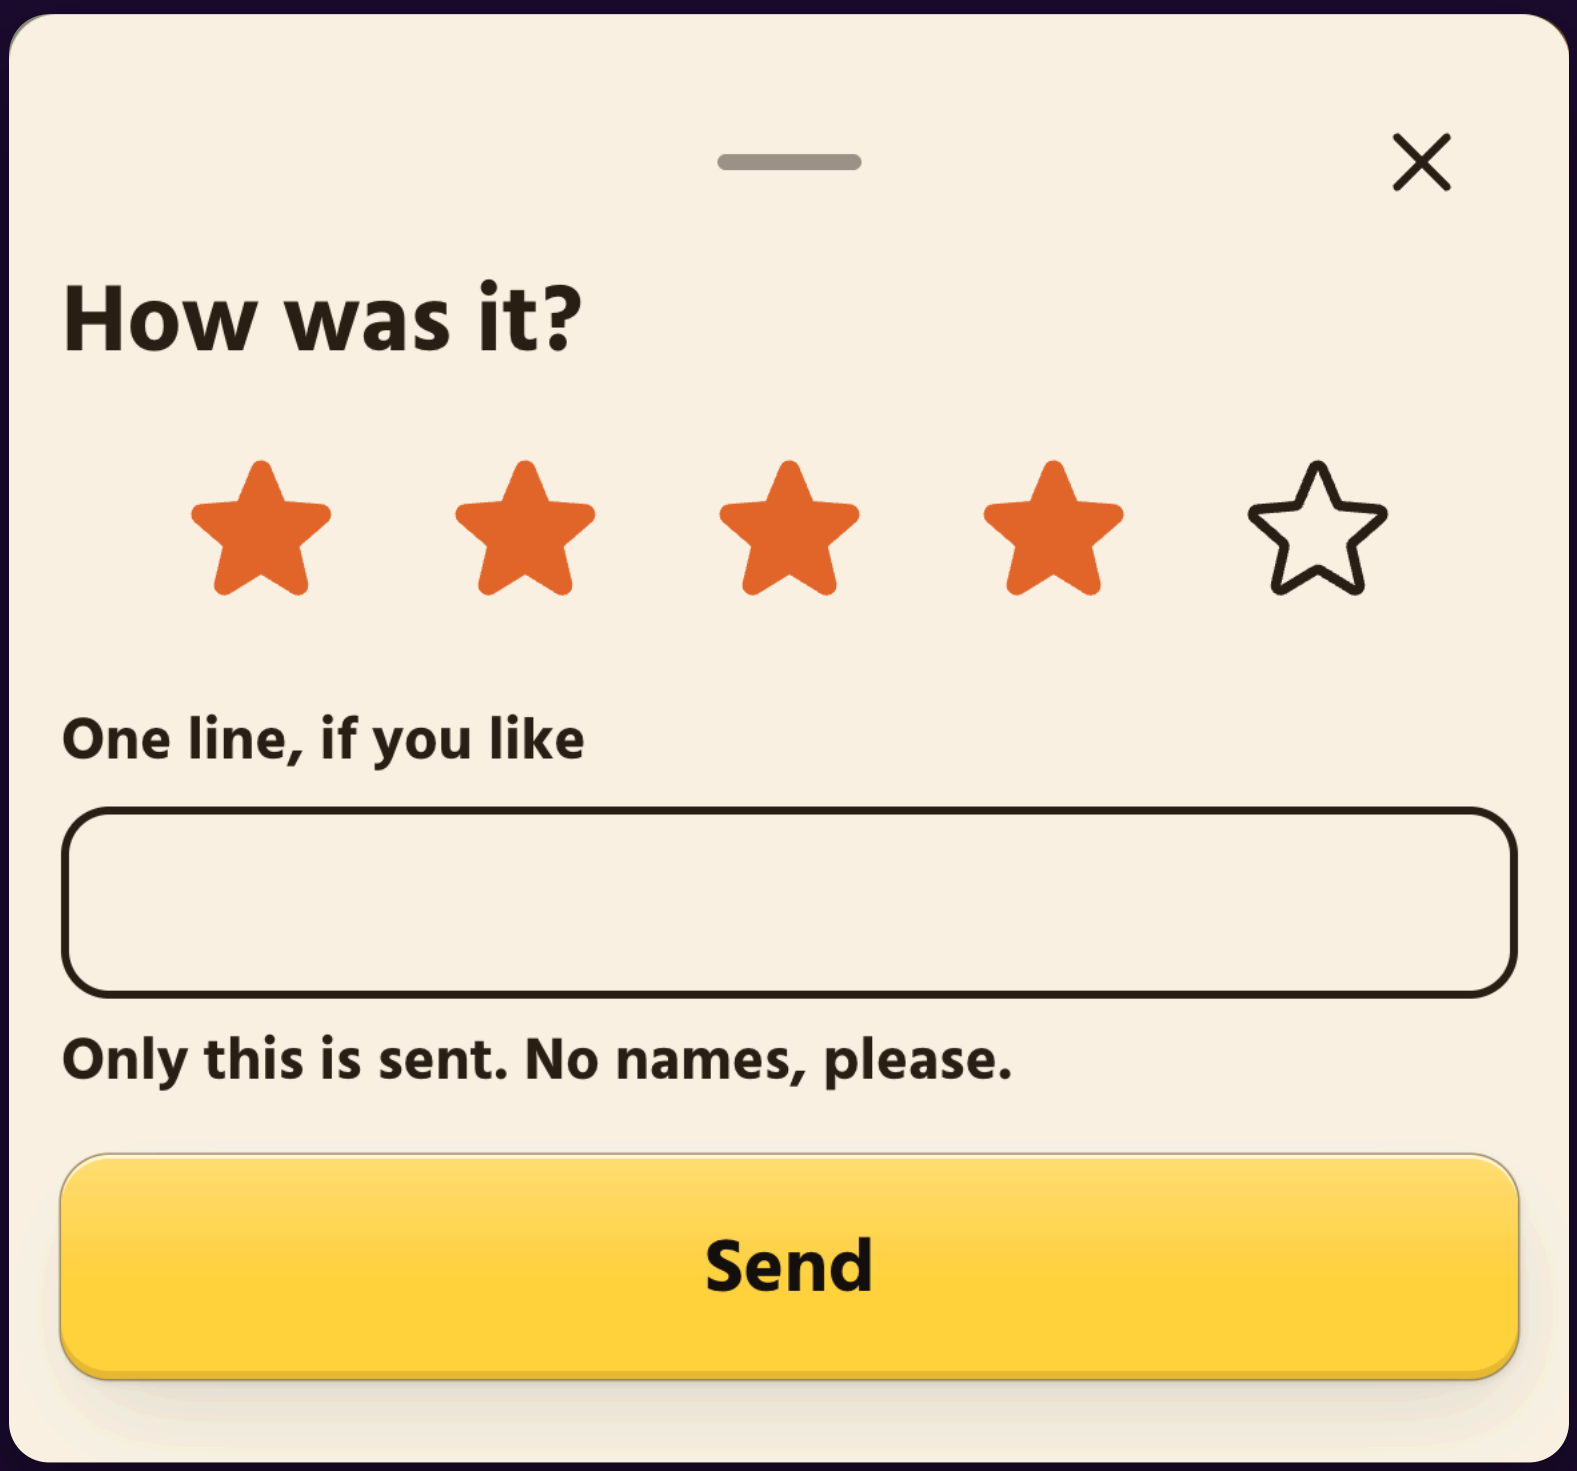

1999
A wedding at home

You decide who gets the job.

Pick someone. Send them. At the end, see what you chose.

About 20 minutes. Then 5 stars and one honest line.

That is all that comes to me. Your answers stay on your phone.

Before you play

Adults only, 18 and over.

Please don't pass it to anyone younger.

Just a link.

No sign-up and nothing to install.

Some chapters touch hard topics.

Each has a help line in its “?”.

It is early.

Expect rough edges.
The Hindi is a first draft.

Play it. Rate it.

tel-retake.vercel.app

Link in the first comment. Best on a phone.
